ABOUT THE COMMUNITY

Mid-Peninsula Water District is in Belmont, California. Located on the San Francisco Peninsula, it is a charming and upscale community that seamlessly combines suburban tranquility with convenient access to the bustling metropolitan areas. Nestled amid rolling hills and lush greenery, Belmont is known for its excellent schools and close proximity to major universities such as Stanford University, University of San Francisco, San Francisco State University, San Jose University and a number of local community colleges. With its diverse neighborhoods, and a thriving local economy, Belmont attracts families and professionals alike. The town boasts a well-maintained infrastructure, including fourteen parks, recreational facilities, and a vibrant downtown area with a variety of shops and dining options. Residents of Belmont take pride in their community, actively participating in local events and fostering a sense of unity. With its proximity to Silicon Valley and San Francisco, Belmont provides a desirable living experience, blending the comforts of suburban life with the opportunities of a dynamic urban landscape. A Caltrain station that provides service from Gilroy to San Francisco is located only minutes away from the MPWD offices.

ABOUT MID-PENINSULA WATER DISTRICT

For 95 years, the Mid-Peninsula Water District (MPWD) has provided its customers with safe, quality drinking water. Along with this unwavering commitment, we also offer friendly, professional service. Since its first operation, the District has purchased its entire water supply from the San Francisco Regional Water System. The District now supplies water to consumers in an area slightly larger than the city limits of Belmont. Small portions of the service area are within San Carlos, Redwood City, and parts of unincorporated County of San Mateo. The District's service territory covers approximately five square miles and serves approximately 30,000 people and approximately 8,000 service connections.

We are an independent special district governed by a board of five elected directors. We work closely and cooperatively with other agencies in our community including the City of Belmont, and are active members of the Bay Area Water Supply and Conservation Agency (BAWSCA), as well as industry organizations such as the California Special Districts Association (CSDA) and Association of California Water Agencies (ACWA), among others.

MPWD'S STRATEGIC GOALS

- Demonstrate outstanding stewardship in the management of District water resources, demands and infrastructure.
- Provide exceptional levels of service and value to the community in a cost-effective manner.
- Foster open and candid communication with the community, staff and directors that results in collaborative, innovative operations.
- Be viewed as an industry leader for water management best practices.
